

The Ten Divine Spiritual Laws

1. **The Divine Spiritual Law of One** – The Divine Spiritual Law of One is the foundation Spiritual Law of the Universe. The Unity Source Code ripples throughout our very existence, uniting us with the multidimensional fields. We receive and recognize that we are part of everything and live in accordance with this law.
2. **The Divine Spiritual Law of Transmutation** – We receive and recognize the visible and tangible changes of our unified consciousness. We undergo a deep alchemy process to awaken our spiritual essence within the physical body.
3. **The Divine Spiritual Law of Rhythm** – We embody the cyclical rhythms of inner clarity, spiritual integrity, conscious expansion, and spiritual identity that govern our spiritual evolution for each dimension that activates our Divine Purpose of being.
4. **The Divine Spiritual Law of Potentials** – Our spiritual intelligence and Divine Purpose become one and commit us to live in service to the principles of the “All Knowing”. From this knowing, and living this principle, we are eternally free of karmic exchanges.
5. **The Divine Spiritual Law of Union** – We receive and bring ourselves into union with the powerful forces of the Universe. The Universe operates by balance, and there is a constant exchange going on to maintain this balance. We become aware of the exchange of giving and receiving and our view of both actions determines our balance within all things.
6. **The Divine Spiritual Law of Evolution** – We receive and acknowledge our spiritual evolution by transcending all disharmonious emotional, mental, and physical acts not aligned with the Unity Source Code.
7. **The Divine Spiritual Law of Conscious Unity** – Out of spiritual acceptance comes Divine Conscious Unity and we will perpetuate its influence upon and throughout our evolved existence.
8. **The Divine Spiritual Law of Divine Spiritual Order** – We receive the Presence and Power of the Source Code and acknowledge the harmony and alignment of Divine Order to perpetuate our spiritual strength and stability throughout the Universe.
9. **The Divine Spiritual Law of Freedom and Flow** – We align the four aspects of emotional, physical, mental, and spiritual within the vessel of our existence to attain Universal freedom, enlightenment, and to reach harmony and attain multidimensional consciousness by aligning all the aspects of all of our existences.
10. **The Divine Spiritual Law of Divine Aggregate Power** – We receive and reside in the Divine Mind and let it be a part of the universal flow of our energy to emanate Divine Serenity.
